Welcome from all of us

Around the horn on another year and what a winter we've been having! After last spring this is well deserved. Record calf prices last fall, feeder market which has gained strength over the winter and with cull cows bringing \$1.40 in February.... It's about time!

Another strong set of bulls have been put forward by the consignors and with the strong prices last fall, anything that looked borderline has gone on to become steaks and roasts to feed the country. We are so fortunate to live where we do and are able to appreciate the simple things that many aren't even aware of. It is for us to keep telling the story and pushing the narrative that we are keepers of the land and have great respect for our industry.

We appreciate the support of the bidders and buyers over the years and take providing your future genetics through our programs, your loyalty does not go unnoticed. Be sure to stop out ahead of time and look at the bulls and have that one on one visit to make sure you get what you're looking for genetically.

Videos will be up on www.castlerockmarketing.com in early March, a great way to study the offering at your leisure.

We will see you on March 16th!

This guy is a Stud! This guy is a package compiled of all the things we really focus on here. His granddam, produced here until she was 16 years old with a high quality foot and udder. Plus she had a calf here every year that either made the heifer pen or bull pen. Her daughter now raises Winchester and he has stood out since the day he was born. This guy stands on a solid foot with exceptional muscling. He has all the sexual maturity and presence a guy can ask for always hollering and letting you know he is the man! His sire was our high selling bull two years ago to Clint Smith and is working great there. We look forward to implementing this guy into our program. To be able to have the opportunity to use a bull with such a solid background and longevity.

COALITION son here. His sire needs no introduction to the industry. He has become a household name for making super females, while adding calving ease and improving foot structure. His progeny are fetching top dollar all across the country. You combine that with his absolutely stunning donor dam for Eastondale. This guy is sure to be a Herd Bull that will make an impact. 126A progeny have always been at the top of the pen making her a logical choice as a past selection in the pick of the herd flush at Eastondale. 11L is square and stout! He has a really solid foot and great testicle development. Make sure to check this guy out as the maternal goodness runs very deep!

This guy has Herd bull written all over him. His dam is Cheyenne's best cow still producing here as a Z model cow. Her foot and udder structure still very good! She is heading for the donor pen this year as we need way more females of this calibre. Couple that with Hail Storms sire "Hardy" who just continues to impress. Calving ease with a foot second to none. Hardy's add length of spine and a great muscle pattern. Hail Storm hasn't disappointed since birth and truly believe he is one that could help move a program forward.

What a masculine dude this bull is. Always head up and proud. He is gentle as they come while offering a ton of bone and hair. He was Reserve Champion bull at Swift Current Pen Show this fall, gaining a lot of friends along the way. His dam 11H comes from a cow that was still producing at 16 years of age! She raised a super solid bull last year which solid to Justin Schmuck. This guy has the calving ease to work in your heifers or the stoutness to go work in the cow pasture. His sire is a Momma Tried son who was Wood Coulees high selling bull in 2022. Momma Tried has made quite a name for himself making sons and daughters that are respected and sought after.

Herd Bull look written all over this rascal. He is long as a train, while still carrying so much mass and lower quarter. Stands sturdy on all four corners and has a lot of hair. This was the picture in our minds when we purchased Stealth from Running JR. Stealth has not disappointed and either will this son! 522C his dam always gives her sons that super front and extension. Cherry red power bull here.

Growth! This guy has got it. He is square made and all man. He has the extra frame score to put your steers in the top sorts! While still have the maternal backing to add females into your program. Stealth's dam and granddam are absolute standout powerful cows. Another reason we added Stealth to our program! Sterling is the fifth bull in a row this cow has produced with four going through the bull sale. Awesome production, take a look here!

We had to go back to the tank. Approval did so much for this program and is the bull that truly got us rolling. We used him again last year to try and add more females back into the program. Lucky for you guys 806 had this bull calf. He has a lot of character and mass. And does all the things Approval did so well. The exciting part of this is his Assassin dam, big broody and powerful! She is the kind that you want herd bulls out of. This guy was named correctly at birth because we highly Approve of him!

This Hardy calf started out light but he just continued to grow! He is so long and blessed with a hard muscle pattern. His foot structure looks bang on. While his dam is just a great uddered hard working first calver. The Hardy calves have us excited in what he is siring for us and best of all his dam, 51B, is one of the top cows we have. She has earned her stripes through her production and overall soundness, you can never have too many good cattle in a pedigree.

Cool combination of Hardy x Momma Tried. This guy has mass, muscle and big time herd bull fronted. These two sires are making huge impacts in our program. Momma Tried was sire of so many of our high selling son last year that were in high demand. Then you take Hardy who is brother to our 2022 high selling bull to Cockburns and FRL sired by Momma Tried and last years second high selling brother 51K who sold to Lines Red Angus. I could write a whole story on this bull but will let you come and evaluate him yourself. There is lots of homework already taken care of here!

Calving ease dude! Hate to sound like a broken record. But this guys mom is a solid young cow. And grandma 625 has been a big impact cow here Who worked here for years. Leaving a nice set of daughters. Also selling bulls every year that were very well received. 150L is cherry red and has lots of eye appeal. Yet again backed by solid maternal strength.

Just a youngster here. Who is long, smooth fronted, and dark cherry red. His dam is out of non other then Assassin. When we seen Assassin again in fall of 22 we were so blown away. His mass, frame, foot quality, and how he got out on the move as big mature bull selling for \$22,000 through the WRAZ dispersal. Our Assassin daughters are producers. Bringing in a lot of our top calves every year! Freyja 901 is just an easy keeping, long bodied, super uddered female. You combine that with Hardy the maternal ability in this bull is going to be lights out!!

Calving ease!

Herd Bull!!!! Maternal brother to last years high selling bull to Triple L and Jay Bar Dee and was shown at Agribition this fall and was awarded with Reserve Junior Champion Bull. Like his brother, 805L is a long bodied bull with a pleasing muscle pattern standing on a strong foot, herd bull presence, heavy hair coat and excellent scrotal development. Maternally this bull checks the boxes and comes from a cow family we have looked to further develop with his granddam serving as an ET donor for us.

Witzel 904 does it again with this being her third homerun in a row. Her first daughter working at Smokey Y in Kansas, last years bull to McMahon Angus working in their purebred operation. Now Red Eye who is a just carrying on the strong attributes this cow possesses. We flushed 135X this spring with the idea of placing more productive daughters in the herd. Red Eye is a deep ribbed, big nuted, and awesome skilled individual. His sire, Buckeye is as strong of footed bull as we have ever walked. 904L will sire a set of females that will be second to none.

This productive Aftershock daughter has done it again with her fifth bull calf making the sale. Aftershock was campaigned successfully but more important has left us with a set of daughters which sport good udders, feet and are productive. 541L is built like a tank, carrying a deep quarter to him and a wide pin set. His sire, Buckeye is consistent in siring consistently thick, sound cattle with very few throwaways and this bull would be an excellent example.

LOT	61	RED WOOD COULEE BUCKEYE 426L

Terms & Conditions

TERMS

The terms of the sale are cash or cheque at par. No releases will be given until satisfactory settlement has been made. All monies are in Canadian Funds, other funds will be accepted at the current rate of exchange.

BIDS

Every animal entering the ring will be sold to the highest bidder.

DISPUTES

In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

ANNOUNCEMENTS

Any changes from information in this catalogue will be announced from the auction block; such changes will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to any such announcements.

PURCHASER'S RISK

Each animal becomes the risk of the purchaser as soon as sold.

CERTIFICATE OF REGISTRATION

Each animal in the sale will carry registration papers issued by the Canadian Angus Association. A certificate duly transferred will be furnished to the buyer for each animal after full and total payment has been made.

ACCIDENTS

Every precaution will be exercised to protect the safety and comfort of those attending the sale. Neither the owners, auctioneer, or any sale staff assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

LIABILITY

All persons attending the sale do so at their own risk; sellers and/or sales management and/or any of the sales staff assume no liability legal or otherwise for any accidents occurring in, on, or about the premises.

INSURANCE

Livestock insurance and/or transit insurance will be available.

EXPORT TESTING

In the case of animals purchased for export, the necessary customs, health, and export certificates will be supplied and expenses will be at half cost; the other half of the cost will be responsibility of buyer.

Same Notes

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and extend across the width of the page. There is no handwriting or other markings on the paper.
