BULLS SELL IN CATALOGUE ORDER

welcome

TO THE GENERATION L BULL SALE

Welcome from **LINES RED ANGUS**

I would like to welcome everyone to the Generation L sale including The Allin family as consignors. Youthful enthusiasm is an asset in this business and they have it in abundance.

As always we have fed the bulls at home and present them as fit not fat, athletic breeders. Good times are afoot in our industry and I think sires like these boys have the potential to generate the biggest profits we have seen. I hope to see you all sale day for good fellowship and good cattle.

Regards,

Boyd Lines

Welcome from **CLEAR RED ANGUS**

Clear Red Angus welcomes you to the Generation L bull sale. First of all, we would like to thank you for taking the time to look through our catalog. We started in the cattle business 15 years ago running commercial cattle. We have always believed that the cattle should earn their keep and the purebreds are no different. We bought our first bull from Boyd in 2012 after helping prep the bulls for the sale for many years. After touring the cow herd, I set a goal to build a herd of cows like the ones I saw that day. As we continue to build a better commercial herd each year, we are privileged and honored to be carrying on Boyd's genetics on the purebred side of our operation.

The bulls are developed with longevity in mind. Fed whole brown oats, long hay, and a bull developer pellet. Whether you need a bull or not we invite you to Lines Red Angus ranch on April 19 for a pre sale meal and supper to follow. Better yet come see the bulls and their mothers before the sale and visit about your program as well as ours.

Regards,

The Allin's Cody and Sarah, Reese, Payton & Austin

"Slewfoot" 20J is an E.T. bull that was made to get back to the genetics that made Angus cattle industry leaders long before the advent of EPD's and genomic testing. Mission accomplished! His EPD's are godawful, but he provides good feet and udders, attractive phenotype, good growth traits along with unparalleled calving ease, vigor at birth and libido. His dam produced through her 14th year, his sire has over a thousand progeny registered in the last 45 years. No guesswork or computer predictions required. Time tested genetics.

I purchased 19G aka Leon from Leon Roy at Moose Jaw to use on heifers. He has done an excellent job in that field as well as on cows in the last two years. With the 4W cow at JIL as maternal Grand Dam and his Dam 38Y, who is as good a cow as you will find, we expected some performance as well. He delivers that in spades. He is a breeding machine, routinely settling over 85% on the first cycle. First daughters calving this spring look great. He is a complete bull and a breeding piece.

"Haggard" A dark red stud from Russ Coward, my pick from a very strong Mama Tried sire group in his sale last spring. His first calf crop looks exceptional. The cows exposed to him calved in 33 days this spring. He is a breeding machine, backed up by a herd bull producing dam who has placed sons in several purebred outfits.

62L has been at the front of the pack all summer and continued his development to lead off the sale. He tracks right and is the kind we try to raise. His mom is a Scoof daughter that we think highly of. When it came time to turn bulls out 42d got sorted to Scoofs field again in hopes of a hieffer calf. It worked and we have a full sister to 6F.

A stand out since birth this dark red big soggy bugger is a bull I am proud to have bred and raised. His dam 16G is the kind of cow you want to make sure everyone sees during a tour. Patriot 16 and Zama Pine 37S, both breed legends, are up close in this guys pedigree. Definitely the kind to use whether you are wanting growth, maternal or calving ease. He covers all the bases.

THREE STARS ***

Recommended for well grown heifers of the same breed.

TWO STARS **

Recommended for cows and second calvers.

ONE STAR *

For use on mature cows.

“Wrinkles only go where the smiles have been” - Jimmy Buffet

Clyde was a grand companion and a stalwart guardian of the Yard. We were lucky to have him, and brokenhearted to let him go. Adios amigo.

Terms and Conditions

TERMS - The terms of the sale are cash or cheque payable at par at Swift Current, SK. The right of property shall not pass until settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released.

BIDS - Every animal entering the sale ring will be sold to the highest bidder A floor price will apply to each animal consigned.

DISPUTES - In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold.

ANNOUNCEMENTS - Errors discovered in the catalogue will be corrected by announcements from the Auction Stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

CERTIFICATE OF REGISTRY - A certificate of registry duly transferred will be furnished to the buyer for each animal after settlement is made.

BREEDER'S GUARANTEE - Line's Red Angus have done everything possible to assure you, the buyer, that every bull in this sale will be a breeder. A certified veterinarian will have semen tested and physically evaluated every bull. In the unlikely event of a dispute, regular terms & conditions standard with the Canadian Angus Association shall apply.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer nor any owner assumes any responsibility in this matter and disclaims any liability, legal or otherwise, in the event of accident or loss of property.

LIABILITY - Purchasers must look to the seller for fulfillment of all guarantees and representations made hereunder.
